

## Per Diem Rates\*

The following is a list of the maximum federal per diem rates for California. You must follow the rate for the location where the per diem is incurred. In some cases where the State's policies are more restrictive, those rates are quoted, including mileage. Actual costs of lodging and meals are reimbursed provided they do not exceed limits listed below and provided copies of receipts are provided. Rental cars and taxis are also allowable but only with receipts. These travel rates must be used in planning grant application budgets and for reimbursement requests. Rates higher than those set forth below cannot be reimbursed.

\*Per Diem incurred in counties not listed on this chart must meet the standard federal rate of \$55 maximum lodging, \$31 meals and incidentals, for a maximum per diem rate of \$86.

The maximum mileage rate is \$.375 per mile.
